SUPPLEMENTAL SITE REVIEW INFORMATION

This information is intended to satisfy Policy 6.1.4 of the Comprehensive Plan. This policy encourages the use of the "same criteria...for evaluating proposed special uses when considering request to rezone property to an industrial classification." These criteria are stated below with analysis following. The criteria are based on the provisions of Section 24.4(A)(2)(a-g) of the Zoning Ordinance.

1) HARMONY AND ACCORD WITH GENERAL PRINCIPLES AND PROPOSALS OF ZONING ORDINANCE -

The Zoning Ordinance states that, "The M-2 Heavy Industrial District is one of heavy uses designed to serve the needs of Cerro Gordo County for industrial activity generally offensive if located near commercial and residential uses." The ordinance then places further restrictions on uses in the district. Uses in the M-2 District are prohibited from emitting "offensive odors, dust, noxious gas, noise, vibration, smoke, heat, glare, refuse matter or water-carried waste beyond the boundaries of the lot."

Noise is the largest potential emission from a salvage yard in the process of crushing and wrecking of vehicles. The wrecking of vehicles is planned to occur within a large machine building currently under construction that was issued a Zoning Permit on August 2, 2019. Noise will be significantly mitigated by occurring in an enclosed building.

Other emissions such as dust when using heavy equipment to move vehicles or fumes for activities such as welding are also a possibility. Much of this activity also will occur within an enclosed building. Additionally, significant vegetative buffers and fencing already exist along the perimeter of the salvage yard, which further helps to mitigate these potential impacts. There are three houses located relatively close to the salvage yard, all owned by the previous owners. There is no record of complaint regarding the salvage yard since at least the 1980's.

Article 20.2 of the Zoning Ordinance also requires a Special Use Permit granted by the Board of Adjustment to be received for the operation of a salvage yard. As described in the staff report, a Special Use Permit is required for the rezoned areas at a minimum. The ordinance allows the owner 12 months to bring the areas into compliance. The requested rezoning of Area 1 and Area 2 are a necessary part of the process.

2) COMPATIBILITY OF USE WITH APPEARANCE AND ESSENTIAL CHARACTER OF AREA -

The property is currently used and will continue to be used for the salvage yard operation. Land to the north and northeast of the site is in agricultural production. All other adjacent land to the salvage yard is residential. The closest residences to Area 1 and Area 2 are at 15272 North Street and 15325 North Street. The existing vegetative buffers and fencing helps to mitigate some of the impact of the salvage yard. The salvage yard has existed in the area since 1955, and the requested rezoning does not change the existing use.

3) IMPACT ON EXISTING AND FUTURE USES, VICINITY, AND COMMUNITY AS A WHOLE -

The proposed and continued use of the property as a salvage yard will not increase traffic or create additional negative impacts. The potential noise and other impacts are the same as they have been for decades. The rezoning request does not change the nature of the area, as no change of use will occur.

4) ADEQUACY OF PUBLIC SERVICES (i.e., highways, streets, police, fire protection, drainage structures, refuse disposal, water and sewage facilities, or schools) -

North Street and Monroe Street are paved. All other streets leading to the salvage yard are also paved. Average daily vehicles have not been calculated on either North Street or Monroe Street. US Highway 65 is a major thoroughfare and carries 5,200 daily vehicles past the salvage yard. 300th Court carries about 340 vehicles daily into

the general neighborhood. No significant increase in traffic is foreseen as a result of the proposed change of zone, as the use will remain the same.

Law enforcement protection is provided by the Cerro Gordo County Sheriff's Department. Fire protection is provided by the Mason City Fire Department. The proposed use should not result in a change in demand for either service.

The site is not located within a flood hazard area or drainage district.

Refuse disposal is the responsibility of the applicant. There are existing water and wastewater facilities already servicing the salvage yard. The use should not have an impact on schools.

5) PUBLIC COST FOR ADDITIONAL PUBLIC FACILITIES AND SERVICES -

No increase or additional cost to public facilities are anticipated as a result of the proposed rezoning.

6) POTENTIAL DETRIMENTS TO PERSONS, PROPERTY, OR GENERAL WELFARE (i.e., excessive traffic, noise, smoke, fumes, glare, or odors) -

The existing use will be maintained with the proposed rezoning, so no significant increase in traffic is anticipated.

Noise is the largest potential emission from a salvage yard in the process of crushing and wrecking of vehicles. The wrecking of vehicles is planned to occur within a large machine building currently under construction that was issued a Zoning Permit on August 2, 2019. Noise will be significantly mitigated by occurring in an enclosed building.

Other emissions such as dust when using heavy equipment to move vehicles or fumes for activities such as welding are also a possibility. Much of this activity also will occur within an enclosed building. Additionally, significant vegetative buffers and fencing already exist along the perimeter of the salvage yard, which further helps to mitigate these potential impacts. There are three houses located relatively close to the salvage yard, all owned by the previous owners. There is no record of complaint regarding the salvage yard since at least the 1980's.

Glare is not typically an impact associated with salvage yards.

7) COMPATIBILITY AND CONSISTENCY WITH THE INTENT AND PURPOSE OF THE ZONING DISTRICT -

Salvage yards are a permitted use in the M-2 District with a Special Use Permit granted by the Board of Adjustment. The existing vegetative buffers and fencing already provide significant mitigation for potential impacts from the salvage operation. The ordinance requires a 6-foot buffer wall or 60-foot buffer park between agricultural or residential and industrial zoning districts. The requirement for a buffer wall or park may be waived where the district boundary follows a road right-of-way as long as the waiver does not permit undesirable features of the use to be seen by the public. The waiver of this requirement would also have to be approved by the Board of Adjustment. No new buffer parks or fencing are required at this time by the request because additional development to the existing salvage yard is unlikely to take place.

**Parcel F in the SW 1/4 - SW 1/4 of
Section 21 - T97N - R20W, Cerro Gordo County, Iowa.**

Legal Description:

Parcel F in the Southwest Quarter of the Southwest Quarter of Section 21, Township 97 North, Range 20 West of the 5th P.M., Cerro Gordo County, Iowa, and more particularly described as follows:

Commencing at the Southeast Corner of the Southwest Quarter of the Southwest Quarter of said Section;

Thence **North 00°03'19" East, 233.00 feet** along the East Line of said Quarter-Quarter Section to the North Line of Nicholas First Addition as recorded in Book 8, Page 161, on file in the Cerro Gordo County Recorder's Office, Mason City, Iowa, and the Point of Beginning;

Thence **North 89°46'34" West, 16.56 feet;**

Thence **North 00°03'19" East, 16.75 feet;**

Thence **North 89°48'50" West, 618.82 feet;**

Thence **North 00°03'19" East, 350.00 feet** all along South and West Lines of said Survey and Plat;

Thence **South 86°30'12" East, 636.53 feet** to the East Line of said Quarter-Quarter Section;

Thence **South 00°03'19" West, 330.00 feet** along said East Line to the Point of Beginning.

Containing **4.84 Acres**, subject to any easements recorded or unrecorded.

RESOLUTION

WHEREAS, the Cerro Gordo County Zoning Commission, after study, has recommended that the change of Zoning classification of a certain area hereinafter described, be made, and

WHEREAS, a public hearing has been held with notice as required by law;

NOW THEREFORE, BE IT RESOLVED, by the Cerro Gordo County Board of Supervisors, that the Zoning Ordinance of Cerro Gordo County, Iowa, and the Zoning Maps of Cerro Gordo County, Iowa, which is a part thereof, is hereby amended by changing the District boundaries thereof so as to change the classification of the following described property from "R-1" Single Family District to "I-H" Heavy Industrial District, to-wit:

Lot One (1) and Lot Two (2) in Winnebago Heights Addition to Cerro Gordo County, Iowa, in the Northeast Quarter (NE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Twenty-eight (28), Township Ninety-seven (97) North, Range Twenty (20) West of the Fifth P. M., except the North 125 feet of said Lots One (1) and Two (2), and the North 330.7 feet of the East 349 feet of the Northwest Quarter (NW $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Twenty-eight (28), Township Ninety-seven (97) North, Range Twenty (20) West of the Fifth P. M., and

Also to amend the Cerro Gordo County, Iowa, Zoning Ordinance by changing the classification of the following described real estate from "R-1" Single Family District to "C" Commercial District, to-wit:

The North 125 feet of Lot One (1) and the North 125 feet of Lot Two (2), all in Winnebago Heights Addition to Cerro Gordo County, Iowa, in the Northeast Quarter (NE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Twenty-eight (28), Township Ninety-seven (97) North, Range Twenty (20) West of the Fifth P. M.;

and that, this Ordinance shall be in full force and effect from and after its passage.

Motion was made by Supervisor Elmer Luscomb, seconded by Supervisor Elmer S. Smith, that the foregoing resolution be adopted.

Resolution adopted this 4th day of September, 1962.

J. C. Dickinson
J. C. Dickinson, Chairman of the Board of Supervisors, Cerro Gordo County

I, Ward B. Hammond, County Auditor of Cerro Gordo County, Iowa, hereby certify the above to be true and exact copy of said Resolution as adopted by the Cerro Gordo County Board of Supervisors at its regular meeting held on the 4th day of September, 1962.
