VARIANCE CRITERIA SUPPLEMENTAL INFORMATION

**Cerro Gordo County Zoning Board of Adjustment
[For completion by Variance Applicants Only]**

This attachment is intended to supplement the Appeal to the Board of Adjustment Application for requests for variances. This attachment shall be submitted as a part of and attached to the Appeal Application and serve to enable the Board to make fair and equitable decisions. Failure to complete this form in its entirety may result in postponing the request until adequate information is submitted.

The Board of Adjustment shall authorize upon appeal, in specific cases, such variance from the terms of the Ordinance as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of the Ordinance will result in unnecessary hardship, and so that the spirit of the Ordinance shall be observed and substantial justice done.

The Applicant shall be held responsible to provide adequate evidence that the literal enforcement of the Ordinance will result in unnecessary hardship. "Hardship" as used in connection with the granting of a variance means the property in question cannot be put to a reasonable use if used under the conditions allowed by the provisions of the Ordinance, the plight of the landowner is due to circumstances unique to his property not created by the landowner; and the variance, if granted, will not alter the essential character of the locality.

The Board shall ensure that their decision shall not be contrary to the public interest, that the spirit of the Ordinance shall be observed, and substantial justice done.

Applicant(s) Jed & Lisa Vorba

Type of Variance Requested set Back

1. The land in question cannot yield a reasonable use for the following reasons:

The setback rules don't permit us to do a lot
with existing structure which is closer than
setback rules

2. What is unique about this property compared to other properties in the vicinity?

Limited to what ably to do - wider
than neighbors.

3. Explain how the variance will fit in with the character of the area (i.e., size, height, scale, etc.):

Existing multi family - not changing!

4. The need for the variance cannot be attributed to the present or past property owner for the following reasons:

Narrow width

5. The Zoning Ordinance requirements have resulted in a need for a variance for the following reasons:

Set back larger than proposing

6. The variance is in accord with the purposes and intent of the Zoning Ordinance and Comprehensive Plan for the following reasons:

Residential area (no change)

7. The variance will not impair the public health, safety and general welfare of the residents of the County for the following reasons:

Full support of neighbors
No impact negative of drainage
No demands on set back (no impact)

I, Jed H. Vorba certify that

all of the above statements are true to the best of my knowledge and belief.
